Form VI

IRB Conflict of Interest Disclosure Form

1. General Information

The purpose of this form is to disclose any potential Conflicts of Interest (COI) when you submit a project for approval by the Chaminade University IRB. Conflicts of Interest arise when an investigator or other project personnel has a financial or other reward-based interest in the outcome or conduct of the study. Subject participants should be protected from investigator Conflicts of Interest. If such a COI exists, it will not necessarily lead to disapproval of a study, but a management plan is required to mitigate it.

1. PI Name:	3. Protocol Title:
2. Additional Key Personnel:	

2. Financial Conflict of Interest Information

1. Please disclose the name and role/relationship of the Investigator/Sub-Investigator/Coordinator/or other Research Staff reporting his/her potential conflict:

3. IRB Conflict of Interest Management Plan

Please describe your plan for reducing or eliminating the potential conflict (check all that apply):

- Disclosure in the Informed Consent, if applicable (language will be provided by Chaminade)
- A non-conflicted member of the study staff will obtain the informed consent
- Stock or stock options will not be bought during the conduct of the research
- Owned stock or stock options will not be sold, transferred or redeemed during the conduct of the research
- The site has specified study roles/tasks to be delegated to a non-conflicted member of the study staff
- Additional Financial Conflict of Interest training (CITI or equivalent) will be completed by the investigator and study staff prior to engaging in the research. Provide details of the training: _____
- The sale or disposal of specified financial interests or severance of relationships giving rise to a conflict will occur prior to engaging in the research
- Other:
- Not applicable – no COI to report

NOTE: Chaminade may recommend other conditions if such conditions will eliminate, reduce, or manage the conflict of interest

I certify that the responses to the questions above are accurate and complete and that my responses constitute a full disclosure of any conflicting interests and activities that may affect or appear to affect the integrity of the research or the rights, safety and welfare of human subjects. I certify that my financial interest will not have any impact on my conduct of this research study and that I will promptly disclose to Chaminade any significant new information which would cause the answers to the above questions to change during the course of the study.
